

MONA PREPARATORY SCHOOL

Equipment & Infrastructure Updates

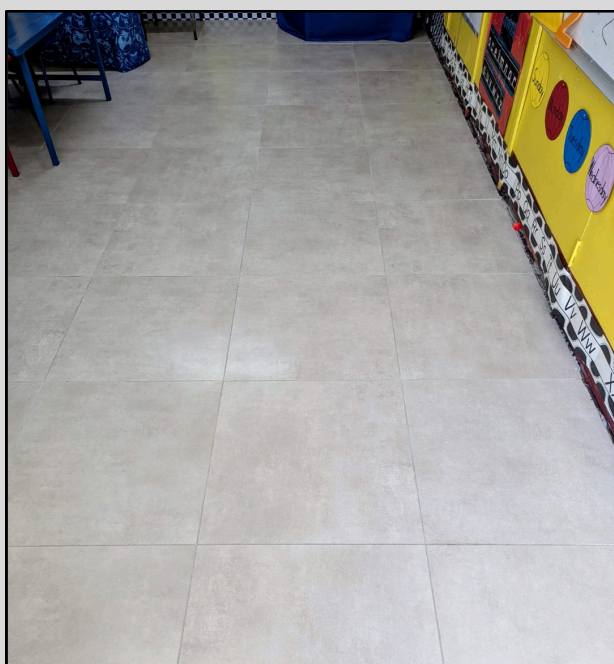

Gazebos

We are pleased to share that the gazebos have been given a fresh update with the replacement of the covers. This improvement provides a more comfortable and shaded space for our students to gather, learn, and enjoy outdoor activities.

Kindergarten Re-tiling

Our Kinder 2 classrooms have been fully re-tiled (for the first time), creating a brighter, cleaner, and safer learning environment for our youngest learners. This upgrade enhances both the look and functionality of the space.

Computer Lab Equipment

The computer lab has been outfitted with brand new computers. This upgrade will give our students greater access to technology, ensuring they can develop essential digital skills and enjoy a more engaging learning experience.

“Rooted in Values: Reaching for Excellence.”

MONA PREPARATORY SCHOOL

Parent Donations

Admin Office

We sincerely appreciate the parent who kindly donated a water dispenser for our Administration Office.

Thank You

Grade 1 Flash-Forbes

A warm thank-you goes out to a parent from Grade 1 Flash-Forbes for their thoughtful donation of a water dispenser. Your generosity ensures that our students have easy access to fresh water throughout the day, supporting both their health and learning.

Grade 2 Newman

We extend our heartfelt thanks to the generous family in Grade 2 Newman for donating a brand-new air conditioning unit and a water dispenser for the classroom. Your kindness and support have created a more comfortable and refreshing learning environment for our students.

Grade 3 Goldson

Special thanks to the parents of Grade 3 Goldson for their donation of a refillable water bottle and a manual water pump.
